CUSTOMER - PLEASE READ:

- ◆ All required fees must be paid in full prior to connection and activation of your service(s).
- ◆ Entrance into the water chamber is only allowed by District personnel. It is strongly suggested that applicant install an auxiliary valve to shut water off to the property.
- ◆ It may take up to two weeks for installation of a new water or wastewater service.
- ◆ Connection fees are based on size of service you indicate, any change may increase costs

The undersigned applicant hereby applies for water/wastewater connection to the above described property. The applicant is the owner of the described property or the authorized agent of the owner. By signing this application, the applicant agrees, as a condition of the Chelan County PUD No. 1 providing and continuing service to the above described property, to comply with all provisions of the current resolutions, or latest revision thereof, and other such rules and regulations now existing or which may be established from time to time governing the public electrical, water or wastewater system. Furthermore, the applicant agrees to waive claims against the Chelan County PUD No. 1 or its agents or employees for damages and/or loss of production, sales or service, in case of water pressure variations, or the disruption of the water supply or wastewater system for repair, routine maintenance, power outages, and other conditions normally expected in the operation of the water or wastewater system.
