

Become a SNAP Producer

Chelan County PUD customers who produce energy for SNAP are helping grow another renewable resource to complement our clean hydropower. More than 40 solar, wind and small-hydro installations are producing power for the PUD's electrical grid.

Interested in generating solar, wind or other renewable energy at your home, business or agency for sale to PUD customers? Details are available on our Web site, www.chelanpud.org or by calling (509) 661-8008.

How SNAP works

Become a SNAP Supporter

When it comes to supporting renewable energy in Chelan County, every little bit helps. Sign up for a set monthly payment in an amount of your choosing. Use this postage-paid card to let us know you'd like to become a SNAP supporter. Your commitment to local producers of clean, green energy is appreciated!
