Appendix D 401 Water Quality Certification Condition V.C.i)  
Water Temperature Data Reports: 2016 Quarter 2 and Quarter 1 Updated

-----  
-----

Dear Ecology Water Quality Program, Chelan River Fishery Forum and Other Parties:

Water temperature monitoring data for the 2nd quarter 2016 (April - June), 2016, are provided in the attached files. In addition, data from the last three days of March have been added to files for the 1st quarter 2016 report.

Data for the End of Reach 1 is not available at this time because the data logger was not functioning for download. This logger is being sent to the manufacturer to attempt to download data that may have been recorded prior to the logger's failure. Any such data will be added to updated versions of these files when it becomes available. This logger was pre-tested in a water bath and was functioning properly when launched prior to installation on March 29, 2016.

This information will be posted to the Lake Chelan Implementation web page under resource documents.

Please feel free to call or email any questions or comments.
