Hi Steve-

Thanks for providing this report, but it appears that the Tumwater section is devoid of a discussion regarding tagged bull trout experiencing difficulty negotiating the fishway at Tumwater. We've have discussions regarding these fish within the context of the Hatchery Subcommittee, however, it would be appropriate to include this discussion in this report as well since it is a form of take. RD/Mark Nelson would be appropriate contacts to obtain further information regarding the tagged fish.

S-
