Hello Bob,

Thank you for issuing the Order approving the Rocky Reach Revised Wildlife Plan (link provided below) on Tuesday. We noted, however, it contains information not pertinent to our project in paragraph 1. It appears it may have been taken from a Grant PUD document.

To view the document for this Issuance, click here
http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20120731-3039

On another matter, we filed Tuesday (7/31) a request authorizing construction of a new point of water diversion on the Rock Island Project No. 943 (see link below). After filing, we noticed one typo on the first page, second paragraph, of the cover letter. It erroneously states that the new system replaces an existing 54-mile open ditch... The correction should state that the new system replaces an existing 4-mile open ditch.

We wanted to bring these items to your attention in case these errors deems more formal written correction. I appreciate your help. Please let me know if you have questions or need additional information.

Thanks,

Michelle
