Dear Ute Ladies' Tresses Subcommittee Members,

Attached are three documents for your review/approval per the Ute Ladies' Tresses Subcommittee (ULTS) meeting on January 30, 2013. As we agreed in the meeting, responses are due back by February 25 on these documents.

The first document for your review/approval is the minutes from the January 30, 2013 meeting.

The second is the 2013 weed control proposal, this proposal focuses on blackberry and yellow flag iris control at the PUD pond site. This is the first draft of this document and there was much discussion about how to proceed, so please provide comments.

The last document for your review/ approval is the revised 2013 5-year survey for Ute Ladies' Tresses along Rocky Reach Reservoir. As agreed, the document now includes a few additional areas proposed by the Joe Arnett with the Natural Heritage program.
