Hi Patrick, et al.,

I spoke with Chelan PUD about extending the time for reviewing the Biological Objectives Report. They agreed to extend the comment period to Friday, 7 March 2014. This will give the PUD three weeks to address comments and submit the final report to the RRF and WDOE. Please send your comments to Steve Hemstrom.

Let me or Steve Hemstrom know if you have questions.

Thanks,
Tracy

Tracy, is it possible to extend the review time on this document. I haven't had an opportunity to take a close look at it yet.
