Subject: FERC Concurrence Received: Rocky Reach No. 2145: Article 406 - Request to Approve Reimbursement of Upgraded Irrigation Costs re Orondo Park (July 7, 2009)

Good news...

Today, I received a call from John Cofrancesco, FERC's Environmental Protection Specialist. He concurred with Chelan PUD's request to approve reimbursement of construction costs of an upgraded "like" irrigation system at Orondo Park to the Port of Douglas.

Thanks,

Rosana

Subject: Rocky Reach No. 2145: Article 406 - Request to Approve Reimbursement of Upgraded Irrigation Costs re Orondo Park (July 7, 2009)

Hello, Brian

On July 7, 2009, we filed a request to the Commission for approval to reimburse the Port of Douglas County (Port) for upgrading the irrigation system at the Orondo Park (Rocky Reach Project No. 2145). The Director of the Port is asking us if they can expect to receive these funds to include in its budget for 2009.

If possible, please let us know when you may anticipate a decision. If you require additional information or have any questions, please do not hesitate to contact Kris Pomianek (509)661-4186 or me.

Thank you for your help regarding this matter.
