Next steps

1. Approve Articles of Incorporation and by-laws
2. Enter into Agreements with Legal firm, Operating Contractor, Bank, and CPA firm
3. Develop operation plan between now and the end of September
4. Solicit additional hydropower owner contributors and subscribers (ongoing)
5. Begin aggregating operational data by the end of the year with US Army Corps of Engineers and Southern Company

A wide-angle photograph of a large dam with multiple spillways. Water is cascading down the spillways, creating white foam. In the background, a wide river flows through a valley, with rolling hills and mountains in the distance. Several high-voltage power line towers are visible in the river. The sky is clear and bright.
