

Odabashian Natural Area Update

**Board of Commissioners
March 6, 2017**

**Presented by
Jeff Osborn, License Compliance Supervisor**

Today's Presentation

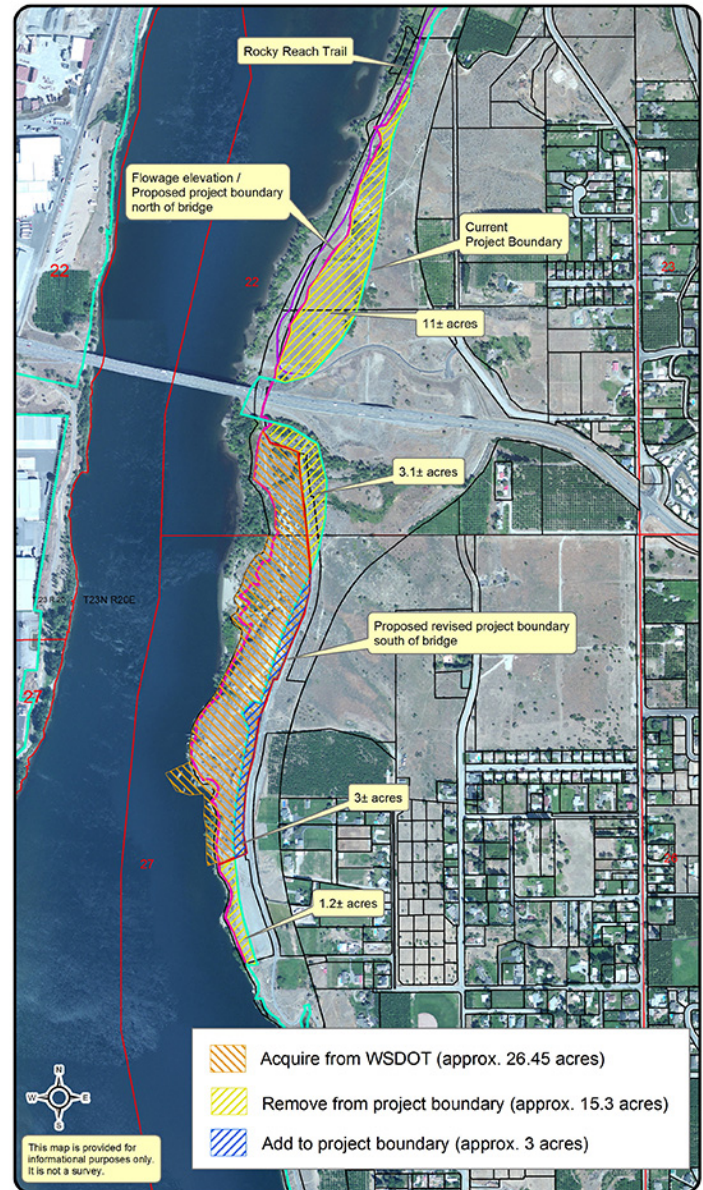

1. Federal Energy Regulatory Commission Requirements
2. What's proposed
3. Proposed name

What should we name the new recreation/natural area just south of the Odabashian Bridge?

- Columbia Dunes Conservation Area
- Hillock Conservation Natural Area
- Coyote Dunes Natural Area
- A name in memory of Joan Vandivort
- Wenatchi Landing Natural Area
- Sand Dune Hollow Natural Area
- Loop Dunes Natural Area
- A name in tribute to Cliff & Mary Bates

An aerial photograph of the Coyote Dunes Natural Area. The image shows a wide river flowing through a valley. A bridge crosses the river in the middle ground. To the left, there are green hills and a small town. To the right, there are industrial buildings and a parking lot. The sky is blue with white clouds. The text "Coyote Dunes Natural Area" is overlaid in large white letters across the center of the image. A small green area is highlighted on the riverbank.
