

# Environmental Film & Speaker Series 2019-2020

## OCTOBER

### THE WINTER'S TALE | MEMBERS ONLY

**SPONSOR:** Tina & Eliot Scull

*Tuesday, October 15 | 7:00 PM*

This documentary tells the stories of the Wenatchi Tribe through the legends, history, and geology of North Central Washington as told by Randy Lewis, and captured by North Central Washington film students. *The Winter's Tale* is a directed film study program reaching across the Wenatchee Valley and across cultures. Special thanks to Icicle Creek Directed Film Study Program and Yokel Productions. This film is available to Museum members only. ### SEARCH FOR THE SUPER BATTERY

**SPONSOR:**

CHELAN COUNTY

*Tuesday, October 22 | 7:00 PM*

Climate change has driven the development of electric cars and renewable energy sources. But the key to unlocking the power of these technologies is finding the perfect battery.

Join host David Pogue as he explores the hidden world of energy storage, from the lithium-ion batteries we use today to the bold innovations that could one day charge our world.

## NOVEMBER

### BIRD OF PREY

**SPONSOR:**

*Tuesday, November 12 | 7:00 PM*

World-renowned wildlife cinematographer, Neil Rettig, embarks on the most challenging assignment of his career: to find and film the rarest eagle on the planet. An expertly woven tale with stunning cinematography, *Bird of Prey* journeys deep into the vanishing world of the Great Philippine Eagle and reveals an inspiring group of people that are determined to save the world's most critically endangered eagle species from extinction.
