

To Chelan County PUD

From Joan and Gordon Lester
393 Totem Pole
Manson, Washington 98831

Regarding Electricity

1. The most important concern is safety: the unsafe situation caused by overloading the equipment.
2. Potentially causing a lack of enough power for our State's use.
3. Causing an increase in cost to in state users.

Possible Solutions:

1. Allow NO crypto mining customers.
- 2 Search out and stop unauthorized users.
