

**NOTICE OF MEETING by the COMMISSION of PUBLIC UTILITY DISTRICT  
NUMBER 1 OF CHELAN COUNTY ON DEVELOPMENT OF AN INTEGRATED  
RESOURCE PLAN PROGRESS REPORT UNDER RCW 19.280**

**TO INTERESTED PERSONS**

The Board of Commissioners of the Chelan County PUD (Commission) hereby gives notice that it will hold a public meeting to approve the District's 2010 Integrated Resource Plan (IRP) Progress Report. The report, required by RCW 19.280, updates the District's 2008 IRP, describing the mix of supply-side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers.

Per this notice, the Commission invites public participation in the meeting scheduled for 1:00 p.m. on August 16, 2010 in the Commissioner's Board room at 327 N. Wenatchee Ave.

**INTEGRATED RESOURCE PLAN BACKGROUND**

In 2006, HB 1010 (RCW 19.280) passed the Washington State legislature. It requires investor-owned and consumer-owned electric utilities with more than 25,000 customers to develop IRPs and progress reports. Among other things, IRPs must include a range of load forecasts, assessments of commercially-available, utility scale renewable and nonrenewable generating technologies and a comparative evaluation of renewable and nonrenewable generating resources and conservation and efficiency resources. The District must hold a public hearing prior to submitting its 2010 IRP Progress Report, which is due to the Department of Commerce by September 1, 2010. Utilities must produce progress reports reflecting changing conditions and the progress of the IRP every two years, and an updated IRP must be developed at least every four years.

**PUBLIC PARTICIPATION OPPORTUNITIES**

This will be the Board's final public meeting on the development of the 2010 IRP Progress Report. To learn more or provide comments, please visit Chelan PUD's web site at [www.chelanpud.org/IRP.html](http://www.chelanpud.org/IRP.html).
