Eagle Rock Reservoir Project

Chelan County PUD is proposing construction of a new water reservoir in the Eagle Rock/Sunnyslope area to improve fire flow, water pressure and capacity for future growth in the immediate area. We are inviting customers and interested parties to join us for an informational meeting on the project.
**Project Status**

- Permit acquisition completed
- Contract awarded
- Contractor staging

**Project Benefits**

- Improving fire flow for Sunnyslope/Eaglerock sub-area
- Improving growth and capacity water needs in the sub-area
- Improving water system reliability in the sub-area
- Improving PSI for sub-area omitting boost pumps
- Maintaining compliance with DOH approved plan
