**Scope:**
Project includes trenching and installation of underground electrical conduit and cable in the area of Crawford St., Wedgewood St., Loves Court and a portion on Miller Street in Wenatchee.
Phase I: includes excavation, conduit installation, vault placement and road restoration.
Phase II: includes installation of cable and equipment and energizing of the new electrical system.

**Goals:**
- Replace and upgrade existing underground electrical facilities
- Reduce restoration time during power outages
- Increase reliability of electrical service to Love Court and Wedgewood St. Customers

**Schedule:**
Work will begin the week of July 9th
Work is expected to be completed the 1st week of September
Working hours are generally from 7:30 AM to 3:30 PM
Work days are Monday through Friday

**Special Conditions:**
- Periodic lane closure are expected where through traffic and parking may be temporarily diverted.
- Scheduled power outages are anticipated during equipment replacement and cable installation.
- Excavation equipment and power tools will be used on this project.
- Sub contractor M.O.E. Asphalt will be performing work for the PUD
