IV. DEFINITIONS.

The following definitions are referenced from Resolution No. 14-13916 and existing park rules.

Designated Available Park Areas. The term Designated Available Park Areas shall mean those locations identified as available for demonstrations and posting under this section. An example of staff designations is included as an Appendix hereto. The District must identify on a map, which must be available in the offices of the District and online, the locations identified as available for demonstrations (including marches or “moving” demonstrations) and the posting of Printed Matter. In selecting Designated Available Park Areas, the District shall consider if the activities within the location would:

a) Cause injury or damage to park resources;

b) Unreasonably impair the atmosphere of peace and tranquility generally encountered at the particular park at issue;

c) Unreasonably interfere with interpretive, visitor service, or other program activities, or with the administrative activities of the park;

d) Substantially impair the operation of public use facilities or services of park concessionaires or contractors;

e) Present a clear and present danger to the public health and safety; or

f) Be incompatible with the nature and traditional use of the particular park at issue.

By offering designated areas as provided in this section for demonstrations and the posting of Printed Matter, the District is creating a limited public forum only, and is not creating a public forum or designated public forum. The District retains the right to limit demonstrations and posting of printed matter as provided in this policy or to discontinue such activities at its discretion.

District Parks shall mean those parks owned and operated by the District.

Existing District Structure shall mean kiosks, racks and other displays, provided by the District.

Free-Standing Structure shall mean racks, news bins, and other forms of display for Printed Matter, where such structures are not provided by the District but supplied by an applicant for a Posting Permit. A Mobile Vendor Unit subject to a Mobile Vendor Permit is not a Free-Standing Structure. No Free-Standing Structure shall be placed in a District Park without approval as described in Section V(b).

Posting Permit shall mean a permit required by the District to post Printed Matter in a Free-Standing Structure within a District Park.
**Printed Matter.** The term “printed matter” means message-bearing textual printed material such as books, pamphlets, magazines, circulars, fliers, brochures and leaflets.

**Special Event** shall mean any activity, other than athletic, held on District park property which involves one or more of the following:

A permitted activity which is either, open to the general public, for the purpose of raising funds, or involves collecting monies or tickets on park property and may be in variance of the general use of the facility, in excess of the carrying capacity for the requested area and/or creates additional impact to general park use. Examples of a special event include walks, runs, concerts, festivals, fairs, cook-offs or other non-routine celebrations or happenings. All approved special events shall provide liability insurance naming the District as additionally insured and as the certificate holder.

To apply for a Special Event, complete an application at the Parks Department at 327 N Wenatchee Avenue, Mon-Fri, 8am-4pm or go to our website [http://www.chelanpud.org/documents/Parks_Application_rvsd_030314_(ltr).pdf](http://www.chelanpud.org/documents/Parks_Application_rvsd_030314_(ltr).pdf) to print out an application.
