**Meeting called by:**

Scott Kreiter/Steve Lachowicz

**Attendees:**

Natural Sciences Working Group (TDG & Anadromous Fish Subcommittees)

**Purpose and desired outcome:**

1. Review working group structure and organization
2. Provide updates on issues/studies related to Rocky Reach relicensing
3. Decide what steps to take next

**Desired participation:**

All working group members should be prepared to offer comments on study updates and should be prepared to discuss the relationship of existing license issues (TDG, anadromous fish, HCP) to relicensing
