Dear Rocky Reach Wildlife Forum Members,

It has been almost 1 year since the new Rocky Reach FERC license was granted from the FERC. As you are aware, we had 1 year to draft a Wildlife Habitat Management Plan for the license. Thanks to all your efforts, that plan was filed on January 22, 2010 for FERC approval. Thanks for all your hard work. We will check in with FERC in late March or early April for a status update, if necessary.
