

Energy Efficiency Department Conservation Potential Assessment and 2018/2019 Compliance Target Setting November 20, 2017

Conservation Potential Assessment

Today's meeting is an informational

- RCW 19.285 directs utilities to identify two-year conservation targets and ten-year plans
- WAC 194.37 identifies public notice requirements which were followed
- December 4, 2017 Publicly Noticed Meeting:
 - Propose formal adoption of 2018/2019 target and ten-year plan
 - Propose amending 2016/2017 CPA due to a mathematical error found by CPA consultant (Change of 0.12 from 1.66 aMW to 1.78 aMW)

Identifying the two-year target and ten-year plan

- Applied Energy Group conducted the analysis
- Instead of relying only on regional data or phone surveys, the 2018/2019 CPA uses actual building and audit data
 - 1,200 Commercial audits
 - ~450 Residential audits
- Incorporates changes in the energy market
- Consistent with NW Power Council methodology
- Available on the District's website, <u>ChelanPUD.org</u>

3.00 15 aMW Total Savings Over 8 Years 2.50 Remaining Annual kWh Saved ••••• CPA 2.00 1.50 0.33 2.56 1.00 2.04 1.97 1.95 1.71 1.69 1.41 1.13 0.50 2010 2011 2012 2013 2014 2015 2016 2017 2018 2019

Expected contribution by sector is changing

Regional Program 4% Industrial 16% Commercial 63%

2016-17 Estimated Percent Savings by Sector CPA's 2018-19 Percent Savings by Sector

Biennial Target and Prorata Share of Ten-Year Conservation Potential

In Summary

- The CPA was developed consistent with RCW 19.285
- Additional market values and Chelan County specific data increased the target over the last compliance period
- December 4th Publicly Noticed Meeting
 - Request Board of Commissioners action on proposed two-year target and ten-year plan, and
 - Amend 2016/2017 compliance target
