

# CYCLE OF PERSONAL OWNERSHIP

MAY 2025 WINNER

CHELAN COUNTY

# KEN MCCULLOUGH

Ken McCullough is a fairly new Superintendent, and the first one we have had at the meter shop. In his quest to make the meter shop perform at its highest level for our Customer Owners and the employees in that department, he is constantly looking for ways to improve communication. Recently Ken was talking to our Line Superintendents about their quarterly East/West Superintendents meeting with statewide PUD supervisors. Ken took the idea of that meeting and started reaching out to PUDs across the state to gauge interest in creating a similar meeting for the Meter groups. He received a very positive response and single handedly organized, started and hosted the first of those meetings here at Chelan. This was a great experience for all that attended and built a network of folks to help each other and their respective utilities. This will prove to be a very valuable partnership across all PUDs in Washington, and benefit Chelan PUD into the future.
