

CYCLE OF PERSONAL OWNERSHIP

NOVEMBER 2021 WINNER

CHELAN COUNTY

BRENDA GUSKE

Brenda Guske is the Contact Specialist for Treasury and every time I have the opportunity to work with her, she impresses me. Brenda exemplifies the Cycle of Personal Ownership and while it may be 'just doing her job' it is so much more than that because of HOW she does her job. She always demonstrates an attitude of service and continual improvement and is very helpful in guiding each step of the contract process. Brenda provided support to Treasury on a time sensitive financing contract process where she took responsibility to actively work with us to identify the best approach and efficient solution by demonstrating her expertise and command of the process. She took ownership to guide prompt secondary approvals, allowing us to move forward timely and securing value adding results for the District through reduced costs. Brenda's efforts also model the Operational Excellence by providing high quality work execution. Thank you, Brenda for your support of Treasury and demonstration of the Cycle of Personal Ownership and Operational Excellence.
