

# CYCLE OF PERSONAL OWNERSHIP

OCTOBER 2022 WINNER

CHELAN COUNTY

# KERWIN LOUKUSA

Kerwin recently automated a daily collateralization process for the middle office that we had been preparing manually every day. He worked diligently to understand the product and provide an accurate calculation file for us. The process also involved some modifications to address concerns from an external customer and Kerwin was able to meet their needs as well with additional customization. The calculation is detailed with multiple inputs, but Kerwin did an excellent job. His work has saved us time on a daily basis, and we are very thankful. A+ customer service!
