**Griselda
Gonzalez**

The Wenatchee Valley Chamber of Commerce and Wenatchee Learns jointly sponsored a recent "Careers after school" event, hosted after hours at our Headquarters campus. The topic was Graphic Design and the students were to learn the basics of visual communication, how to plan a design project and then to apply what they learned by designing a poster, all under the guidance of our very own Thad Hunt and Tonya Doughty. The turnout was impressive and unexpectedly there was a last minute need for bilingual services. Without any advance notice and literally at the end of her day, Griselda Gonzalez was asked if she would briefly speak with a student and provide an overview of the class. With a big smile and without any hesitation Griselda immediately and fully engaged herself with the student and the event. Not only did Griselda provide an overview, she stayed for the entire two hour class. Because of her selfless act, a connection was made with a student who otherwise would not have been able to participate in the Graphic Design class. Griselda should be commended for her outstanding demonstration of our value, Trustworthiness. Indeed she is building long-term, collaborative relationships with customer-owners, stakeholders and employees through respectful treatment.
