JUNE 2023 WINNERS

CHELAN COUNTY

# CASEY HALL & JOHN LAYCOCK

Central Maintenance Campus Improvements Program. Tony Nelson, “Working with Casey and John on the Central Maintenance facilities has been a pleasure and a rewarding experience. The project spanned over a 4-year period that also included COVID as well as many other challenges. The coordination and planning efforts from Casey and John showed the determination and a commitment for success. Working with both of them daily on decisions, planning and contractor coordination was the key for our team and I can’t thank them enough!”
