

CYCLE OF PERSONAL OWNERSHIP

MAY 2023 WINNERS

CHELAN COUNTY

MELIA MAYER

I would like to recognize Melia Mayer's leadership of the District's annual report production process. Melia engaged the cross functional team early in the process to ensure that the different departments' goals were aligned, and pinch points were avoided in the schedule. Frequent check-ins and communication helped the project move forward and members were committed to supporting each other. After the project was successfully completed, Melia organized a lessons learned lunch session to bring Accounting, Treasury, Communications, and Graphic Design together to celebrate and discuss improvement opportunities for next year. This project was a great example of effective collaboration and high trust within a team producing operational excellence. Thank you, Melia!
