Subject: Contact Chelan PUD  
Contact Phone: 509-663-1905  
Body:

I would like to comment on the rate proposal for high users like bitcoins. I believe strongly that the commissioners should consider the long term effects on Chelan County citizens by doing whatever possible to keep rates low in the future. I strongly support the proposal to increase the rates for these high users however I do think it would be fair to phase in the rate increase on existing users while new users should pay the full freight. Thank you. - [Contact Phone: 509-663-1905]
