

**ARCHITECTURAL, ENGINEERING, LAND SURVEYING
AND LANDSCAPE ARCHITECT SERVICES
2021**

Public Utility District No. 1 of Chelan County, Washington, has at various times the need for Architectural, Engineering, Land Surveying and Landscape Architect Services, related services and advice regarding its various operations and facilities. Pursuant to RCW 39.80.030 the District is announcing generally to the public its projected requirements. These may include, but are not limited to studies, planning, design, and general engineering services for:

1. Water and sewer systems.
2. The ongoing maintenance, modifications, improvements and additions associated with the operation of the Lake Chelan Hydroelectric Project, the Rocky Reach Hydroelectric Project and the Rock Island Hydroelectric Project, including mechanical and electrical systems, surveying, fish rearing or transport facilities, parks and buildings.
3. Electrical transmission and distribution system facilities and control systems.

Firms interested in providing these services may apply online at:

<https://www.chelanpud.org/>

If you have questions or difficulties with the online application, please call
(509) 661-4479 or toll free at (888) 663-8121, extension 4479.

Firms selected for further consideration for specific projects may be requested to submit additional data related to their qualifications for supplying the services.
