Re: Lake Chelan Hydroelectric Project No. 637 (Project)
License Article 405a - Hourly and Daily Average Flow Data 1st Quarter Reports - 2023

Dear Chelan River Fishery Forum and Other Parties:

This email is to provide you, in the attached files, with the written flow information for the 1st Quarter 2023. These reports contain data for surface elevations at the Chelan Dam

Forebay and Powerhouse Tailrace, and flows from the Powerhouse, Low Level Outlet, Spillway, Pump Station, and Total Reach 4 flows.

This information will be posted to the Chelan County PUD external website under “River Flows, Water Temperatures and Total Dissolved Gas” (link below).

<https://www.chelanpud.org/parks-and-recreation/river-flows-and-water-temperatures>

Data during times of maintenance or calibration events have been denoted with “NA” to designate these periods when data was either unavailable or inaccurate. Noteworthy events are explained below.

- Data from the missing hour due to Daylight Savings Time was filled in with the previous hour’s value. This is consistent with methods used in previous years.

Please feel free to call or email any questions or concerns.

Scott Hopkins
