## Join us for a Community Meeting

A group of Leavenworth community members and Chelan PUD staff have identified three possible locations for a new electric substation. The completed site analysis for each possible location will be presented and discussed. This is a time to give your input and ask questions.

If you can't make the Feb. 13 meeting, there are updates and a public comment form on the substation website below. Comments are welcome between Feb. 2 and Mar. 2.
