*Choosing to have a service connection through the Monitor Water System LUD does not obligate you to activate the water meter and pay water rates. However, choosing to have a service connection through the Monitor Water System LUD does obligate you to pay the Part B Assessment. Having the service connection installed during construction will ensure that you will have the ability to receive domestic water service whenever desired. At the time of activation of the service connection, a service account will be established and water rates will apply.*

GRAY AREA: FOR OFFICE USE ONLY

The undersigned applicant hereby applies for water service connection to the above described property as part of the Monitor Water System LUD – Part B Assessment. The applicant is the owner of the described property or the authorized agent of the owner. By signing this application, the applicant agrees, as a condition of the Chelan County PUD No. 1 providing and continuing service to the above described property, to comply with all provisions of the current resolutions, or latest revision thereof, and other such rules and regulations now existing or which may be established from time to time governing the public water system. Furthermore, the applicant agrees to waive claims against the Chelan County PUD No. 1 or its agents or employees for damages and/or loss of production, sales or service, in case of water pressure variations, or the disruption of the water supply for repair, routine maintenance, power outages, and other conditions normally expected in the operation of the water system.
