SNAP APPLICATION

Application for Interconnection of Natural Alternative Power (SNAP) Generation

CUSTOMER BILLING INFORMATION

Customer name: _____

Current billing address: _____

City: _____ State: _____ Zip Code: _____

Primary phone: _____ Cell Secondary phone: _____ Cell

Email Address: _____ UBI Number (if applicable): _____

Have you had service with Chelan PUD within the last 3 years? NO YES - List Account # if available: _____
Chelan PUD may contact you to obtain your Social Security Number, other proof of identity or other billing information.

SERVICE INFORMATION

Service address: _____ City: _____

Assessor Parcel /Geographic ID (12 digit) #: _____

Legal Property Owner: _____ Phone: _____

ADDITIONAL PROJECT INFORMATION (optional)

Your project may be discussed with those listed below should you choose to provide their contact information. By listing, these individual(s)/entities will be able to make non-financial decisions related to this project on your behalf and may receive project specific information until Chelan PUD is notified in writing to remove the individual(s) from this application.

Project Manager: _____

Email: _____ Phone: _____

Engineering/Design Firm: _____

Email: _____ Phone: _____

Electrical Contractor: _____

Email: _____ Phone: _____

Excavation Contractor: _____

Email: _____ Phone: _____

For Office Use Only:

Customer Service Representative:

SNAP Application Approved:

Yes No

By Whom: _____

Date: _____

Comment: _____

SERVICE INFORMATION

TYPE IS (choose ONLY one):

Note: Any deviation from the standards below must be approved by the PUD prior to installation. Contact (509) 661-8400.

- Construction Standard 560.100**
240 Volt AC single phase inverter solar PV production metering connected to distribution panel with net metering
- Construction Standard 560.200**
240 Volt AC single phase micro-inverters solar PV production metering connected to distribution panel with net metering
- Construction Standard 560.400**
240 Volt AC single phase solar PV production metering connected directly to utility transformer
- Construction Standard 560.500**
120 Volt AC single phase solar PV production metering connected to distribution panel with net metering
- Construction Standard 560.600**
120 Volt AC single phase solar PV production metering connected directly to utility transformer
- 3-phase installation**
Submit a one-line electrical diagram showing how the system is anticipated to connect back to the PUD transformer for consideration. Additional review required.
- Request to terminate existing SNAP service / agreement** (Skip to signature section on page 3)

Project Description: _____

SOLAR / WIND / OTHER INFORMATION

SOLAR PV TYPE:

Quantity of Solar PV Modules: _____
Nominal Rating Watts (each): x _____
Total DC Wattage: = _____

Solar Module Manufacturer: _____
Model No.: _____

Type of Array Mounting: Fixed Tracking

Rated Power Output-Inverter (watts): _____
Quantity of Inverters: x _____
Peak Power AC Output: = _____

Inverter Manufacturer: _____
Model No: _____
UL 1741 Listed Yes No

Solar Module Made in WA Yes No
Inverter Made in WA Yes No

WIND TURBINE:

Estimated Average Wind Speed _____
at location (if known) - mph

Wind Turbine Manufacturer: _____
Model No.: _____

Rated Power Output (watts): _____
At MPH Wind Speed: _____

Inverter Manufacturer: _____
Model No: _____
UL 1741 Listed Yes No

Turbine Blades Made in WA Yes No
Inverter Made in WA Yes No

Other Qualified Alternative Energy Generator:

SITE PLAN SKETCH (required for Standards 560.400 and 560.600)

- Please include:
- Building & driveway
 - Fronting road
 - Crossroad
 - Septic and drain field
 - Nearest PUD pole or transformer: provide identifying number if available and distance to meterbase
 - Proposed location of SNAP production meter and disconnect switch (if applicable)

The Customer listed in the Customer Billing Information section warrants and represents that all of the above provided information is true and accurate and this Application is being signed under penalty of perjury. In the event Chelan PUD finds that any of the information herein provided is untrue and/or inaccurate, Customer agrees and acknowledges that as such, Chelan PUD has no obligation to approve the Application and if Electric Service has been provided, Chelan PUD has good cause under Utility Service Regulation Section 12 and may disconnect Electric Service.

The Customer agrees, as a condition of Chelan PUD providing and continuing service to the service address, to comply with all provisions of the current resolutions, or latest thereof, and other such rules and regulations now existing, or which may be established from time to time governing the public electrical system. Furthermore, the customer agrees to waive claims against the Chelan PUD or its agents or employees for damages and/or loss of production, sales or service, or disruption of electrical supply for repair, routine maintenance, power outages, and other conditions normally expected in the operation of the electrical system.

Customer acknowledges and agrees in the event this Application is approved and Electric Service is provided by Chelan PUD, this application incorporates by reference all Chelan PUD rules, regulations, policies and rate schedules as now exist or as may be hereafter amended and Customer's acceptance of Electric Service constitutes a contract between the Customer and Chelan PUD.

Customer Signature: _____

Printed Name: _____ Date: _____

If the Customer listed in the Customer Billing information section is an entity, the individual executing this Application represents and warrants that they are an authorized signatory of the entity for which they are signing and have sufficient corporate authority to execute this Application.

Entity Authorized Signatory Signature: _____ Date: _____

Printed Name: _____ Title: _____
