WHEREAS, the Commission has consulted with the Confederated Tribes of the Colville Reservation Tribal Historic Preservation Officer (hereinafter, "CCT THPO") pursuant to 36 C.F.R. WHEREAS, the Commission will require the Licensee to implement the provisions of this Programmatic Agreement as a condition of issuing the new license for the Project;

NOW THEREFORE, the Commission, the SHPO, and the CCT THPO agree that the Project will be administered in accordance with the following stipulations in order to satisfy the Commission's Section 106 responsibilities during the term of the Project's license.

STIPULATIONS

The Commission will ensure that, upon a license issuing for this Project, the Licensee implements the following stipulations. All stipulations that apply to the Licensee will

similarly apply to any and all of the Licensee's successors. Compliance with any of the following stipulations does not relieve the Licensee of any other obligations it has under the Federal Power Act, the Commission's regulations, or its license.

I. HISTORIC PROPERTIES MANAGEMENT PLAN

- A. Upon license issuing for this Project, the Licensee will implement the HPCRMP.¹
- B. The Licensee will, within 30 days of every anniversary of the license issuance, file a report with the Commission, SHPO, CCT THPO, WNF, NCNP, WSP, YN, and BIA of activities conducted under the implemented HPCRMP. The report will contain a detailed summary of any cultural resources work conducted during the preceding year; if no work was completed, a letter from the Licensee will be prepared to that effect, and will satisfy the intent of this stipulation.

II. DISPUTE RESOLUTION

- A. If at any time during implementation of this Programmatic Agreement and the resulting HPCRMP, SHPO, CCT THPO, WNF, NCNP, WSP, YN, BIA, Licensee, or the Council objects to any action or any failure to act pursuant to this Programmatic Agreement or the HPCRMP, they may file written objections with the Commission.
 1. The Commission will consult with the objecting party, and with other parties as appropriate, to resolve the objection.
- B. If the Commission determines that the objection cannot be resolved, the Commission will forward all documentation relevant to the dispute to the Council and request that the Council comment. Within 30 days after receiving all pertinent documentation, the Council will either:
 1. Provide the Commission with recommendations, which the Commission will take into account in reaching a final decision

¹ All consulting parties need to respond within 30 days of receipt of a request for review of a finding or determination involving the HPCRMP.

regarding the dispute; or

2. Notify the Commission that it will comment pursuant to 36 C.F.R. Section 800.7(c)(1) through (c)(3) and Section 110(a)(1) of National Historic Preservation Act, and proceed to comment.
- C. The Commission will take into account any Council comment provided in response to such a request, with reference to the subject of the dispute, and will issue a decision on the matter. The Commission's responsibility to carry out all actions under this Programmatic Agreement that are not the subject of dispute will remain unchanged.

III. AMENDMENT AND TERMINATION OF THIS PROGRAMMATIC AGREEMENT

- A. The Commission, SHPO, CCT THPO, WNF, NCNP, WSP, YN, BIA, or Licensee, may request that this Programmatic Agreement be amended, whereupon these parties will consult in accordance with 36 C.F.R. Section 800.14(b) to consider such amendment.
- B. The Commission, SHPO, or CCT THPO may terminate this Programmatic Agreement by providing 30 days written notice to the other parties, provided that the Commission, SHPO, and CCT THPO consult during the 30-day notice period in order to seek agreement on amendments or other actions that would avoid termination. In addition, the Commission will seek comments from the SHPO, CCT THPO, WNF, NCNP, WSP, YN, BIA, and Licensee on the termination during the 30-day notice period. In the event of termination, the Commission will comply with 36 C.F.R. Sections 800.3 through 800.7(c)(3), with regard to individual actions covered by this Programmatic Agreement.

Execution of this Programmatic Agreement and subsequent implementation is evidence that the Commission has satisfied its responsibilities pursuant to Section 106 of the National Historic Preservation Act, *as amended*, for all individual actions carried out under the license. Provided, however, that unless and until the Commission issues a license for the Project and this Programmatic Agreement is incorporated by reference therein, this Programmatic Agreement has no independent legal effect for any specific license applicant or Project.
