Subject: Rocky Reach Hydroelectric Project, FERC Project No. 2145
Six-month Update – June 2003

Dear Ms. Salas:

Attached in CD-ROM format is the six-month update filing for the relicensing of the Rocky Reach Hydroelectric Project No. 2145. Public Utility District No. 1 of Chelan County, Washington, (Chelan PUD) has enclosed nine copies of the update.

The CD-ROM update is a current, complete and functional copy of our relicensing Web site and is designed to provide a six-month update documenting all consultation. Material documenting consultation is located in the “Correspondence” section, and all new materials will be marked with a volume number (03-1). The correspondence is designed to sort by date, title, author (from), addressee (to) and volume number.

Since the report is being filed on CD-ROM, external links have been removed. But e-mail links are functional if your computer is configured for e-mail.

The next update will be filed on or about December 15, 2003. Please contact me at (509)663-8121 if you have any questions about this filing.

Sincerely,

Gregg Carrington
Director of Licensing
